To Whom It May Concern:

**Re:** The City of Pelham – Application for Grant Funding

The Alabama State Board of Medical Examiners fully supports the City of Pelham's application for grant funding from the Railroad Crossing Elimination Program.

The City of Pelham intends to use the funds to lessen traffic delays and to increase citizen safety and response times of emergency personnel and law enforcement officers at crossings located on Hwy 52W. This will not only benefit the citizens of Pelham but also citizens of Helena and the western parts of unincorporated Shelby County.

As a Board charged with protecting the safety and wellbeing of the citizens of Alabama, the Board of Medical Examiners supports the City of Pelham's efforts to do the same. The receipt of this grant funding will produce life-saving results.

Sincerely,

William M. Perkins  
Executive Director
